Respected Head of the Department,

I hope this email finds you well.

We are writing this email to request your permission to host and organize a technical event as part of NOVUS 2026. The proposed details are as follows:

1. Tentative Event Name: CodeSprint – A Java and Python Coding Challenge
2. Tentative Date: 9th November 2026
3. Target Audience: 1st-year students
4. Duration: 3 hours
5. Registration Fee: 300

The event will be a beginner-friendly coding competition in two short rounds. The first round will be a set of basic programming problems in Java or Python, and the second round will be a timed problem-solving challenge for the top performers. It will help first-year students build practical coding skills and gain confidence in problem solving. Students are requested to bring their respective laptops to participate in CodeSprint.

This event aims to encourage participation, strengthen practical skills, and contribute to the success of NOVUS 2026. The event will be conducted with proper discipline and in coordination with the faculty members and the NOVUS committee.

We kindly request you to grant permission for organizing this event. I would be grateful for your support and approval.

Thank you for your time and consideration.

Yours sincerely,
Adepu Srijan - 2620030689
D.V.N.A Pushkal Sushanth - 2620030176
Erroju Manideep - 2620040141
Aaryan Dash - 2620030009
